

NARENDRA KUMAR

Uttarakhand, India

Experience

Android App Developer | *Java, XML, Firebase, Rest Apis* 4
• Working as in intern at ORBOL Groups

Projects

SMU | *Java, XML, Firebase* | [Link](#) 4
• SMU is an app built for **Surajmal University**. It contains all the details a student needs to see in one place using **Room database** library and **Firebase databases**
• Implemented **Authentications** for user login and **session management** to eliminate repeated logins.
• Integrated chatGPT with **Volley Library** to allow users to ask questions and get answers. Provided teachers and admins with the ability to update and **manage data** in the **database**.

Music Verse | *Java, XML* | [Link](#) 4
• A mobile phone application that allows you to listen to music **files stored** in the phone's **internal** or **external** memory.

Chess Game | *Java, XML* | [Link](#) 4
• Android chess game written in Java. It is a simple but complete implementation of the snake game
• with all of the **standard rules** and features.

Snake Game | *Java, XML* | [Link](#) 4
• Android chess game written in Java. It is a simple but complete implementation of the chess game
• with all of the **standard rules** and features.

Prime Video Clone | *Java, XML* | [Link](#) 4
• Prime Video Clone - Xml and Java based replica of **Prime Video's Landing page**.
